ATTORNEY LARA CLAY PARKER ACHIEVES BOARD CERTIFICATION IN CIVIL TRIAL LAW BY THE NATIONAL BOARD OF TRIAL ADVOCACY

Lexington, Kentucky - The National Board of Trial Advocacy (NBTA) is pleased to announce that Laraclay Parker of the law firm, Golden Law Office, has successfully achieved Board Certification as a Civil Trial Law advocate. The NBTA was formed out of a strong conviction that both the law profession and its clients would benefit from an organization designed specifically to create an objective set of standards illustrating an attorney's experience and expertise in the practice of trial law.

Laraclay Parker joins a growing number of trial attorneys that have illustrated their commitment to bettering the legal profession by successfully completing a rigorous application process and providing the consumer of legal services with an objective measure by which to choose qualified and experienced legal counsel.

The elaborate screening of credentials that all NBTA board certified attorneys must successfully complete includes: demonstration of substantial trial experience, submission of judicial and peer references to attest to their competency, attendance of continuing legal education courses, submission of legal writing documents, proof of good standing and passing of an examination.

Board Certification is the highest, most stringent, and most reliable honor an attorney can achieve. Board certifications are the only distinctions awarded by non-profit organizations. The NBTA as well as all board certifying organizations are committed to safeguarding the public's ability to choose a good attorney.

Laraclay Parker earned her undergraduate degree in Asian Studies with a focus in languages from Mount Holyoke College, South Hadley, Massachusetts. She is a graduate of University of Kentucky College of Law. Mrs. Parker is licensed to practice in Kentucky. She has obtained over \$25 million in jury verdicts for her clients against national pharmacy chains, regional hospitals, and doctors for harming Kentuckians. She is a recognized national speaker on topics relating to electronic medical records preservation, discovery, healthcare organizations, and healthcare fraud. Her cases have been featured in the national news media because they raise complex questions about the deletion and fabrication of medical records and physician ethics. She has been a member of the Super Lawyers Rising Star list since 2021, an honor awarded to just 2.5% of Kentucky attorneys. She is also recognized by the National Trial Lawyers as a Top 40 under 40 Civil Plaintiff Lawyer. Mrs. Parker sits on the Executive Board for the American Association of Justice Nursing Home Litigation Group, a national plaintiff attorney organization dedicated to protecting the right to trial by jury. She is a routine speaker at the American Association for Justice, Kentucky Justice Association, and other legal seminars. In 2023, she was named the Second Most Prolific Trial Attorney in the state by the Kentucky Trial Court Review.

Approximately three percent of American lawyers are board certified, and Mrs. Parker is a member of a very select group who has taken the time to prove competence in their specialty area and earn board certification.
